

The Food Pantry Vegetable Garden

The Food Pantry Garden, partnered with the Ridgefield Park Community Garden, grows fresh produce, herbs and flowers that get donated to the [St. Francis Food Pantry](#). The Pantry is non-denominational and serves the entire community.

The 500 square foot plot is located next to St. Francis Church at 114 Mt Vernon St, Ridgefield Park.

Over 350 lbs. of fresh produce were donated during the growing season. Volunteers planted and harvested fresh tomatoes, cucumbers, zucchini, cabbages, radishes, garlic, mint, chives and other delicious herbs and vegetables. Our volunteers are folks from our community and Key Club teens from the local high school.

Anyone can volunteer! Please contact Marian McKenna at marian_mckenna@yahoo.com or 650-776-6543 if interested.
